

# LLOYD ALLEN

---

## OBJECTIVE

Seeking an entry-level career opportunity in web development or game development.

My goal is to develop my professional skills and knowledge effectively for the betterment of myself and the organization, and to perform my duties in the most effective manner possible.

---

## PERSONAL PROJECTS

- Space Invader Game - A classic arcade game where you shoot down alien ships. This project was built using python.
  - Dice Game - A simple application game where you refresh the website and dice get thrown randomly so that player 1 and player 2 both have their own dice values. Whoever have the highest value wins.
  - Portfolio Website - <https://lloydallen597.github.io/Portfolio-V2/>
-
